Event Announcement: Symposium - Wolfgang Gurlitt im Fokus

21 Oct 2019

On November 29, the Lentos in Linz will host a symposium dedicated to the art dealer and collector Wolfgang Gurlitt. The focus is on the close and problematic relationship between Gurlitt and the city of Linz. The museum still manages the Gurlitt Collection today. In the course of the event, Wolfgang Gurlitt's work will also be shown in connection with Nazi art politics. After a concluding panel discussion, there are going to be guided tours through the current exhibition "Wolfgang Gurlitt. Zauberprinz", which shows the life of the art collector.
