Restitution: Vienna University of Economics and Business signs an agreement with the National Fund

12 Apr 2018

The National Fund has gained a new cooperating partner, the Vienna University of Economics and Business. The cooperation agreement was signed at the beginning of the year. Books and other objects from the University Library with dubious provenance whose rightful owner could not be traced can be transferred to the National Fund so that the proceeds may be used to benefit the victims of National Socialism.

Further information on provenance research at the Vienna University of Economics and Business: <https://www.wu.ac.at/bibliothek/ueber-die-bib/provenienzforschung/>
